

Silhouette of Support for RiverPark Center

(Previously Membership & Scholarship Giving)

As a non-profit organization centered on the mission to improve quality of life by presenting diverse arts and civic events with a focus on arts in education, RiverPark Center truly appreciates people like you who support and drive this mission forward for our Regional community. Therefore, RiverPark Center is changing from a membership-based giving approach, to a mission-giving goal. There will continue to be several ways you can participate in achieving the RiverPark Center mission. Giving categories include both Mission Giving (M – formerly “membership”) and Scholarship (S). Both gifts will be recognized as total giving in the CenterStage program guide and on the recently enhanced RPC website.
